PROFESSIONAL SUMMARY

Dedicated and Results driven software developer and IT professional with hands on experience building full stack web applications, enterprise systems, and developer tools. Proven ability to deliver real production systems including banking admin portals, API management platforms, and InternLinkKE, a platform connecting Kenyan students with internship opportunities. Comfortable working across the stack from designing responsive UIs to architecting backend logic, database models, and multi step workflows. Also experienced in IT support, hardware troubleshooting, OS configuration, and network setup.

PROFESSIONAL EXPERIENCE

- | | |
|---|-------------------------------------|
| Intern Software Developer, Kingdom Bank | 05/2025 – 01/2026
Nairobi, Kenya |
| <ul style="list-style-type: none">• Designed and developed full stack ASP.NET MVC 5 web applications using C# and Entity Framework.• Built the Knowledge Help System, a department based question and recommendation engine with an admin management panel.• Built the Record Keeping & Onboarding System for managing departmental employee onboarding workflows.• Maintained and improved an ASP.NET MVC admin portal, working extensively on views, controllers, and UI functionality to ensure smooth workflow and interaction between mobile applications and internal banking systems.• Implemented multi step workflows, dashboards, and role/permission management across multiple projects.• Integrated SQL Server databases using Entity Framework; managed migrations and relational data models.• Provided IT support at Kingdom Bank including hardware troubleshooting, software installation, OS configuration, and basic network setup. | |
| Election Clerk, IEBC | 08/2022 – 08/2022
Nairobi, Kenya |
| <ul style="list-style-type: none">• Verified voter information and issued ballot papers accurately under time sensitive conditions.• Maintained accurate records of ballots cast and ensured compliance with election laws.• Supported smooth voting operations through effective coordination with polling officials. | |

EDUCATION

- | | |
|--|---------------------------|
| Bachelor of Science in Information Technology, KCA University | 11/2025
Nairobi, Kenya |
| <ul style="list-style-type: none">• Focused on software development, databases, networking, and IT systems management.• Gained strong practical skills in programming, problem-solving, and building real-world applications. | |

TECHNICAL SKILLS

Languages & Frameworks

C#, ASP.NET Core MVC, ASP.NET MVC 5, Entity Framework Core

Databases & Tools

SQL Server, SSMS, PostgreSQL, Superbase, Git, GitHub, Rider, Visual Studio, VS Code

Soft Skills

Problem solving, attention to detail, self directed learning, presentation delivery

Frontend / UI

HTML, CSS, Bootstrap 5, React Native, Razor Views

IT Skills

Hardware troubleshooting, OS installation & configuration, network setup, IT support

LANGUAGES

English

— Fluent

Kiswahili

— Fluent

PROJECTS

Developer & Mobile Portal UI

Designed and implemented frontend interfaces for internal admin portals and mobile application integrations within a banking environment.

Key Contributions:

- Built responsive UI for API management and mobile app support workflows.
- Developed dashboards, forms, and multi-step workflows using ASP.NET MVC and Bootstrap.
- Ensured seamless interaction between mobile applications and backend systems.
- Improved usability and structure of admin portals used for API monitoring and developer access.
- Worked on real world enterprise systems within a banking environment.

InternLinkKE – Internship Platform

<https://internlinkke-mvc.fly.dev/>

A multi role web platform designed to connect Kenyan students with internship and attachment opportunities.

Key Contributions:

- Designed and developed role based dashboards for students, companies, and administrators.
- Implemented opportunity posting, application tracking, and user management features.
- Built using ASP.NET MVC, SQL Server, and Bootstrap.
- Focused on usability and structured workflows for real world internship processes.
